

TARGET OUR TAKE, STOP TRAWLING

## Key Organizations Working in the Marine Sector in India

There are a number of dynamic organizations in India, working toward the common goal of ensuring sustainable fishing. Project Seahorse has identified the following organizations to address the devastating impacts of trawl fisheries.

Nature Conservation Foundation, Mysore- <http://ncf-india.org>

Ashoka Trust for Research in Ecology and the Environment, Bengaluru- <http://www.atree.org>

Dakshin Foundation, Bengaluru, India- <http://www.dakshin.org>

International Collective in Support of Fisherworkers (ICSF), Chennai- <https://www.icsf.net>

Reefwatch Marine Conservation, Mumbai - <http://www.reefwatchindia.org/contact.aspx>

The Bombay Natural History Society, Mumbai - <http://bnhs.org/bnhs>
